Illinois COMMUNITY

**PROGRAM, DEGREE
& CERTIFICATE
INFORMATION FOR
COUNSELORS AND
PROSPECTIVE
STUDENTS**

COLLEGE of Directors of Programs

TAKE A FRESH LOOK AT
COMMUNITY COLLEGES
*and find quality, affordable educational
opportunities close to home.*

-  Hundreds of instructional programs from which to choose to pursue a career or baccalaureate degree, to obtain a GED, or to meet your personal goals.
-  Forty community college districts comprising forty-nine community colleges serving the entire state. One is close to you.
-  Affordable education and training. Tuition is economical and financial aid is available.

Use this *Directory of Programs* to take a fresh look at community colleges, and find ... *opportunity*:

-  **Career Programs** prepare individuals for employment or advancement in over 200 occupational specialties. Programs range from short-term certificates, which take only a few weeks to complete, to two-year Associate in Applied Science degrees.
-  **Associate in Arts (AA), Associate in Science (AS), and Associate in Engineering Science (AES) Degrees** comprise the first two years of baccalaureate education. The credits earned for AA, AS, and AES degrees transfer to both public and private colleges and universities.
-  **General Associate Degrees** customize the curriculum to the specific career needs of the student, using a combination of academic and technical courses.
-  **Developmental Programs** include adult basic and secondary education to provide individuals with basic literacy and life skills and enable them to complete their GED, as well as English as a Second Language for those whose native language is not English.
-  **Economic Development and Public Service Programs** help improve local economies and communities.
-  **Support Services** are provided to help students succeed in college, including financial aid advising, career counseling, testing and assessment, and job placement.

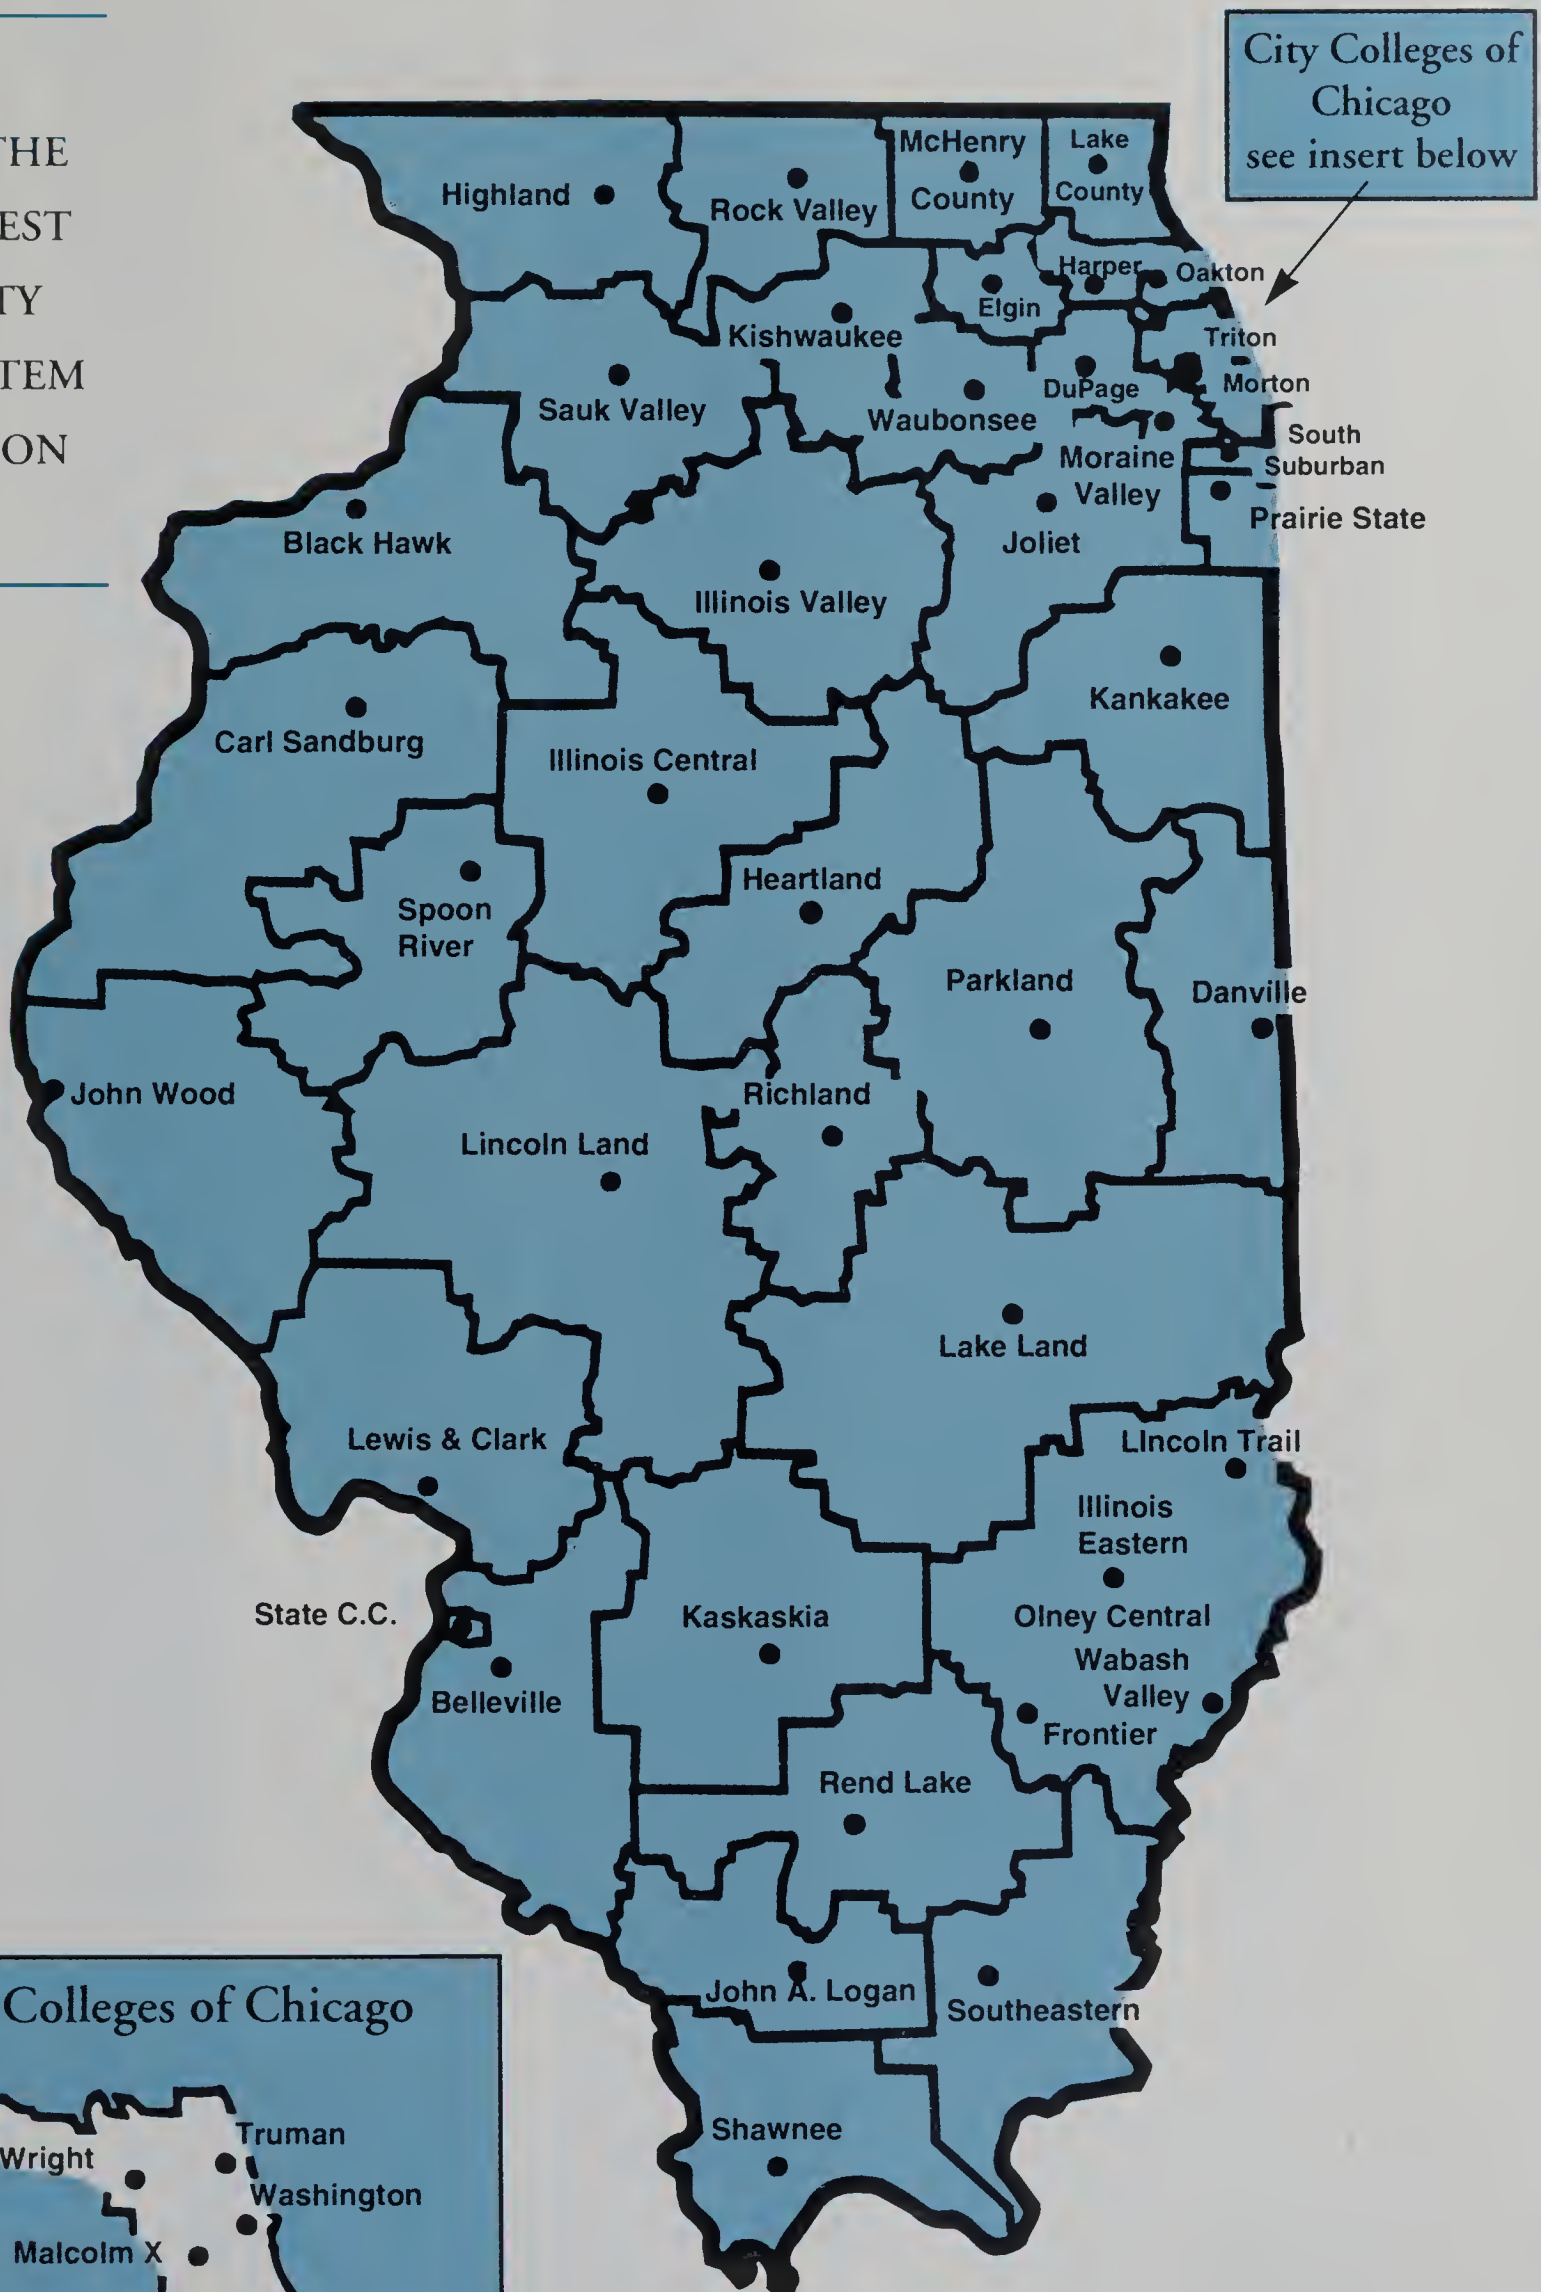

*Take a fresh look at community colleges,
and find the opportunities that bring 2/3
of all students in public higher education in Illinois
through our doors and to their future.*

BACCALAUREATE TRANSFER,
GENERAL ASSOCIATE, AND
ADULT EDUCATION PROGRAMS

- Baccalaureate Transfer Degrees: The Associate in Arts (AA), Associate in Science (AS), and Associate in Engineering Science (AES) degrees comprise the first two years of study leading to a baccalaureate degree. The credits earned transfer to both public and private colleges and universities. The AA degree focuses on social sciences and humanities fields, while the AS degree emphasizes the sciences and technical fields. The AES degree is designed specifically for engineering majors.
- General Associate Degree: is a two-year program designed for students interested in a customized degree, designed with assistance of a college advisor to meet individualized needs and goals. Different titles are used for this degree, e.g. Associate in General Studies or Associate in Liberal Studies.
- Adult Basic Education and Adult Secondary Education: are available for people 16 years and older who have less than a high school education or function below the twelfth grade level. Programs enable adults to acquire the basic skills necessary to function in society, continue their education, and become more employable. Courses include reading, communication, science, math, social studies, GED preparation, life skills, and English as a Second Language.

CAREER PROGRAMS

CAREER PROGRAMS prepare students for employment or advancement in over 200 occupational fields. Two-year Associate in Applied Science (AAS) degrees and certificates are offered in:

- AGRICULTURE AND NATURAL RESOURCES
- BUSINESS MARKETING AND MANAGEMENT
- BUSINESS/OFFICE OCCUPATIONS
- COMMUNICATIONS
- CONSTRUCTION TRADES
- CULINARY ARTS
- ENGINEERING/PRODUCTION/SCIENCE TECHNOLOGIES
- HEALTH PROFESSIONS
- MECHANICS AND REPAIRERS
- PUBLIC/PERSONAL/SOCIAL SERVICES
- TRANSPORTATION

Community colleges provide students with first-class instruction through high quality programs that are designed in cooperation with area employers to meet local labor market needs. Typically over 95 percent of graduates available for the labor market are successful in obtaining employment. Over 91 percent of graduates obtain employment in Illinois, including 56 percent who remain in the district where they received their education and training.

With quality and accountability built into each program, it isn't surprising that community colleges are the primary provider of workforce preparation for adults in the state.

AGRICULTURE & NATURAL RESOURCES

These programs prepare individuals to apply scientific knowledge and methods in agricultural production and services, horticulture, natural resource conservation, and park/recreation management.

	Agriculture Production & Management	Conservation & Natural Resources	Horticulture

ENGINEERING/PRODUCTION/SCIENCE TECHNOLOGIES

Engineering, science, and precision production technologies present a myriad of employment opportunities, from traditional occupations such as tool and die to newer occupations in automated manufacturing and microprecision technology. An ever-

expanding array of state-of-the-art technical programs is available to provide training and upgrading in numerous technical occupations. In many programs, apprenticeship training is an option.
